- English
- Hindi
- Gujarati

PROFILE

Currently pursuing my MCA, I have a growing interest in software development, and seeking an opportunity to apply and grow my technical skills in a professional environment.

PROJECT

StaffSyncCentral - Employee Management System

- ☐ • Built a web-based Employee Management System using ASP.NET Core and C# with a clean and responsive UI using Razor Pages .
- The System consists of two modules : Admin and Employee.
- The Admin module enables HR/admin to manage employee records, attendance, leave request, holidays, and payroll details.
- ☐ • A default password is auto-generated for new employees during registration. The Employee module allows employees to log in, view attendance and salary history, submit leave requests, and track their leave status.
- Data stored securely using SQL server with Entity Framework

ACHIEVEMENTS

- Awarded Grade A in Elementary /Intermediate Drawing Exam(Gujarat State Board)
- Bronze Medal - Avantika Drawing Competition
- Rope Skipping - STATE-LEVEL(1st position) 2015
- Jump Rope - STATE-LEVEL(2nd position) 2014

SOFT SKILLS

- Teamwork
- Time Management
- Leadership
- Effective Communication
